

WEB DEVELOPER (Wordpress)

Part-Time Paid Position

SUMMARY DESCRIPTION

Austin Disaster Relief Network is looking for a part-time in-house Wordpress developer. Our Wordpress websites are often the first platform our community volunteers experience and see. It serves as a portal for volunteer opportunities, training courses and critical updates in times of disaster. We need someone with a creative spirit who can update our website and technology. You will also get opportunities to code and integrate with our existing and upcoming systems. Bring your creativity, your ability to upgrade and implement plugins, and ideas for improvement.

RESPONSIBILITIES AND REQUIREMENTS

- Extensive knowledge of WordPress including theme building from scratch (Must have multiple examples)
- Common WordPress plugin experience like ACF, WooCommerce, & Ninja/Gravity Forms
- Responsive design and build, with or without utilizing frameworks such as Bootstrap
- HTML5, PHP5, CSS3 including transitions/animations, jQuery
- Knowledge of when to use Client Side vs Server Side techniques
- Prepare and slice design concepts from Adobe CS assets
- Must be able to collaborate on projects
- The ability to quote dev time accurately & meet deadlines –
Interact with clients directly and via phone on occasion

ADDITIONAL INFORMATION

Please submit your resume and a brief cover letter along with a portfolio link or relevant work examples to colleen.clemens@adrntx.org.

Job Type: Part-Time (20-hours a week)

Required Experience: Web Development, 1+ years

Required Education: You can be working on your education or already graduated
