

HURRICANE HARVEY

JOURNEY OF RECOVERY

Since 2009, Austin Disaster Relief Network has been helping families affected by disasters rebuild their homes and lives. In August 2017, ADRN responded to the needs of those impacted by Hurricane Harvey, one of the costliest and most devastating hurricanes to hit the Texas coast. The outpouring of love and support by ATX-based churches, volunteers and businesses was overwhelming. Here is how we've been able to continue serving those impacted by Hurricane Harvey, thanks to your support.
