****IMPORTANT**** Through our partnership with REID's CLEANERS every SAFETY MASK will be laundered, pressed and packaged for distribution. It is very important that **EVERY MASK be RETURNED** to an ADRN DROP OFF LOCATION and run through this sanitizing process to be prepared for delivery.

Note: Each mask will be used to help fulfill requests through our partnership with the City of Austin and leadership in our Greater Austin Area counties. Church partners will also have the opportunity to distribute completed masks in their congregations and communities.
