

ARE YOU READY? Grab & Go Bag

Are you ready for a disaster?

What if you have only 30 seconds to get out of your home in an emergency? Prepare a Grab & Go Bag so you'll have what you need when you need to leave in a hurry.

Tips During Disaster

Tune in to channel 184 on car satellite radio for severe weather or emergency updates.

Make sure gas is turned off with no leaks before using grills, matches, candles, or other heat, for cooking, and lighting sources.

Buy foods you'll eat, and eat what you buy. Rotate food supplies to ensure you have fresh, un-expired food.

Grab & Go Bag

- Pack bag for each family member.
- Include change of clothes, including undergarments, socks, shoes (2-3 days).
- Include copies of vital documents (driver's licenses, birth/marriage certificates, passports, social security cards, insurance cards); consider saving these on password-protected USB drives for privacy purposes.
